

33rd CONGRESS OF INTERNATIONAL COLLEGE FOR MAXILLOFACIAL SURGERY

Day 1. 9.10.2025

08:00-09:00	Registration									
Hall A – Craniofacial/Cleft lip and palate			Hall B – Miscellaneous				Hall C -			
Chairperson – Prof. Reha Kisnishci (Turkiye), Prof. Nik Kantaputra (Thailand)			Chairperson - Dr. Jabbar Hasanov (Azerbaijan), Dos. Hasan Asadov (Azerbaijan)							
09:00-09:30	Prof. S.M. Balaji (India)	Management of Orbital dystopia	09:00-09:15	Dr. Hayal Ashuraliyev (Azerbaijan)	Modern Approaches to Surgical Management of Congenital and Secondary Defects of the Hard Palate					
			09:15-09:30	Dr. İlham Mehdiyev (Azerbaijan)	Clinical approaches in orthognathic surgery					
09:30-10:00	Dr. Alexander Ivanov (Russia)	Preservation Palatoplasty: Principles and Advantages of a Novel Approach	09:30-09:45	Dr. Akif Guliyev (Azerbaijan)	Clinical Application of WiFi-Mesh Membranes in Alveolar Bone Augmentation					
10:00-10:30			09:45-10:00	Dr. Huseyn Huseyzadeh (Azerbaijan)	Management of Traumatic Dental Avulsion in a Pediatric Patient Following Electric Scooter Accident: A Clinical Case Report					
			10:00-10:15	Dr. Sahib Bilalzadeh (Azerbaijan)	Clinical Challenges in Dental Implantology and Their Management					
			10:15-10:30	Dr. Kamil Abdullayev (Azerbaijan)	Surgical treatment of facial nerve injuries. Methods and challenges of facial reanimation					

10:30-10:45	Panel discussion		10:30-10:45	Panel discussion		
10:45-11:15	Coffee break, E-poster, Exhibition					
Hall A – Head and Neck Surgery and Oncology			Hall B – Oral surgery/Dental Implantology			Hall C -
Chairperson – Prof. Aziz Aliyev (Azerbaijan), Prof. SM. Balaji (India)			Chairperson - Prof. Umar Tairov (Tajikistan), Prof. Elchin Ahmedov (Azerbaijan)			
11:15-11:45	Prof. Jatin P. Shah (USA)	Changing role of surgery in the multidisciplinary management of tumors of the Head and Neck.	11:15-11:35	Prof. Yuldashev Ilshat (Kyrgyzstan)	Prediction and prevention of complications in the treatment of complicated course of odontogenic inflammatory processes of maxillofacial region	
11:45-12:15	Prof. Charles P. Sia (The Philippines)	Conservative management in mandibular Ameloblastoma: The Philippines experience	11:35-11:55	Prof. Eshiyev Abdurahman (Kyrgyzstan)	Staged reconstructive surgical interventions in patients with congenital cleft lip and palate	
12:15-12:45	Prof. Alek Racic (Serbia)	Depleted uranium munitions as the cause of Increasing of Rare Head and Neck tumors	11:55-12:15	Assoc. Prof Farman Hasanov (Azerbaijan)	Sinus Lifting: Surgical Technique and Failures	
			12:15-12.35	Prof. Elchin Ahmedov (Azerbaijan)	Diagnostic Aspects of Temporomandibular Joint Arthrosis	

12:45-13:00	Panel discussion		12:35-13:00	Panel discussion		
13:00-14:00	Lunch break, E-poster, Exhibition					
Hall A – OMF Trauma and reconstructive surgery			Hall B – Oral surgery/Dental implantology			Masterclass – Facial surgery. Cadaver course – theoretical part
Chairperson – Prof. Zygmund Stopa (Poland), Prof. Adham Hasanov (Uzbekistan)			Chairperson - Prof. Dr. Mustafa Sancar ATAÇ (Türkiye), Dr. Sahib Bilalzadeh (Azerbaijan)			Moderator – Prof. Vagif Gelenderov
14:00-14:30	Prof. Zoe Nicolaou (Cyprus)	The Evolution in correction of Posttraumatic Enophthalmos	14:00-14:20	Prof. Christos Perisanidis (Greece)	Customized Subperiosteal Implants in the Management of the Atrophic Maxilla	
14:30-15:00	Prof. Mohammad Bayat (Iran)	Complicated reconstruction of maxillofacial defects	14:20-14:40	Prof. Andre S. Serrano (Brazil)	Subsinusal approach of zygomatic implants in the treatment of combination syndrome. A retrospective 5 years follow-up of 10 cases	
15:00-15:30	Prof. João Gualberto C. Luz (Brazil)	Effects of photobiomodulation therapy on mandibular movements in the surgical	14:40-15:00	Assoc. Prof Elcin Bedeloglu (Türkiye)	Systematic Approach to Maximizing Esthetic Outcomes in Implant Dentistry: A Step-by-Step Guide for the Anterior Maxilla	

		treatment of mandible fractures	15:00-15:20	Dr. Andrey Andreishchev (Russia)	Lip-teeth relationship. The main for final aesthetic result	
15:30-15:45	Panel discussion		15:20-15:45	Panel discussion		
15:45-16:15	Coffee break, E-poster, Exhibition					
Hall A – OMF Trauma and Reconstructive surgery			Hall B – Miscellaneous			Masterclass – Facial surgery. Cadaver course – practical part
Chairperson - Prof. Zoe Nicolaou (Cyprus), Prof. João Gualberto C. Luz (Brazil)			Chairperson - Prof. Dr. Cemil İşler (Türkiye), Dr. Andrey Andreishchev (Russia)			Moderator – Prof. Vagif Gelender
16:15-16:45	Prof. Zygmunt Stopa (Poland)	Mandibular condylar fractures in children and adolescents	16:15-16:35	Assoc. Prof. Suheyb Bilge (Turkiye)	From Stability to Precision: Additional Osteotomies Enhancing BSSO	
16:45-17:15	Dr. Francesco Lemma (Italy)	Volumetric Changes Following Conservative and Surgical Treatment of Condylar Fractures	16:35-16:55	Dr. Ori Blanc (İsrael)	3D Reconstruction of Atrophic Jaws using CAD/CAM Technology – From Planning to Execution	

17:15-17:45	Prof. Adham Hasanov (Uzbekistan)	Reconstructive surgery for the soft tissue defect of maxillofacial region.	16:55-17:15	Prof. Umar Tairov (Tajikistan)	Distraction osteogenesis in orthognathic surgery: A look from the past to the future	
			17:15-17:35			
18:00-19:30	Opening ceremony, welcome reception, concert					

33rd CONGRESS OF INTERNATIONAL COLLEGE FOR MAXILLOFACIAL SURGERY

Day 2. 10.10.2025

08:00-09:00	Registration					
Hall A – Orthognathic surgery/OSA			Hall B – Miscellaneous			Hall C-
Chairperson – Prof. Andre S. Serrano (Brazil), Dr. Alexander Ivanov (Russia)			Chairperson - Prof. Fatih Mehmet Coskunes (Türkiye)			
09:00-09:30	Prof. Adi Rachmiel (Israel)	Management of Obstructive sleep apnea in children and adults	09:00-09:20	Prof. Soh Nishimoto (Japan)	Distraction fronto-orbital and fronto-facial monobloc advancement with once removed ‘floating forehead’	
09:30-10:00	Prof. Reha Kisnishchi (Türkiye)	Clefts Do’s and Don’ts	09:20-09:40	Prof. Masahiro Iwata (Japan)	25years of Oral & Maxillofacial Surgery Medical Support in Cambodia	
10:00-10:30	Dr. Ahmet Emin Demirbaş (Türkiye)	Transforming Orthognathic Surgery: The Minimally Invasive Le Fort I Approach	09:40-10:00	Prof. Vagif Gelenderov (Azerbaijan)	Our surgical approach to cosmetic and reconstructive head and neck and facial surgery	
			10:00-10:20	Dr. Jabbar Hasanov (Azerbaijan)	Comparative Evaluation of Conventional Impression Materials, Intraoral Scanning, and Photogrammetry Methods in Implantology	
10:30-10:45	Panel discussion		10:20-10:45	Panel discussion		
10:45-11:15	Coffee break, E-poster, Exhibition					

Hall A – Head and Neck Oncology and surgery			Hall B – Miscellaneous			
Chairperson - Prof. Adi Rachmiel (Israel), Prof. SM. Balaji (India)			Chairperson - Dos.Dr. Elcin Bedeloglu (Türkiye), Prof. Masahiro Iwata (Japan)			
11:15-11:45	Prof. Jatin P. Shah (USA)	Global outcomes of Skull Base surgery for malignant tumors.	11:15-11:35	Dr. Dekel Shilo (Israel)	Regeneration of critical size defects using biodegradable scaffolds	
11:45-12:15	Prof. Aziz Aliyev (Azerbaijan)	The science, craft and art of complex thyroid surgery	11:35-11:55	Dos. Togrul Aliyev (Azerbaijan)	Reconstruction of the severely resorbed totally edentulous maxilla using the tent pole technique.	
12:15-13:00	Prof. Jean Paul Meningaud (France)	Face Transplant 2.0: Innovation in the Wake of Chronic Rejection and Cancer - ICMFS DR. JOHN WESTIN ORATION	11:55-12:15	Dr. Shokirov Shokhrukhbek (Uzbekistan)	Optimization of surgical tactics in sinus lift procedures with Impro implants	
			12:15-12.35	Dr. Alexander Ivanov (Russia)	Orthognathic Surgery in Rehabilitation of Cleft Lip and palate Patients	
			12:35-13:00	Panel discussion		
13:00-14:00	Lunch break, E-poster, Exhibition					
Hall A – Craniofacial/Cleft Lip and Palate			Hall B – Guest society – Turkish Association of Oral and Maxillofacial Surgery - TAOMS			Hall C – Masterclass - Zygoma Implantation

						Professor İsmayil Doruk Koçyiğit
Chairperson - Prof. Fabrizio Spallaccia (İtaly), Prof. João Gualberto C. Luz (Brazil)			Chairperson - Prof. Dr. Mustafa Sancar ATAÇ (Türkiye)			Moderator – Dr. Jabbar Hasanov
14:00-14:30	Prof. Nik Kantaputra (Thailand)	PLEC is a novel gene for congenital insensitivity to pain and isolated dental anomalies	14:00-14:20	Prof. Dr. Cemil İşler (Türkiye)	Iliac Graft Augmentation in Edentulous Jaws and Management of Its Complications	
14:30-15:00	Prof. Othman Al Tuwaigi (Saudi Arabia)	Bits and pieces in Maxillofacial abnormal bone fusion and malformation	14:20-14:40	Prof. Dr. Ufuk Tatli (Türkiye)	Open TMJ Surgery Techniques for Internal Derangements	
15:00-15:30	Prof. Young Wook Park (South Korea)	Postoperative skeletal stability of bioresorbable osteofixation in a series of orthognathic surgeries (OGS) involving "major segmental movements"	14:40-15:00	Prof. Dr. Ömür Dereci (Türkiye)	Cemento-Osseous Dysplasia; Diagnostic Challenges and an Update on Etiology.	
			15:00-15:20	Associate Prof. Dr. Emre Yurttutan (Türkiye)	Minimally Invasive (MI) Orthognathic Surgery	
15:30-15:45	Panel discussion		15:20-15:45	Panel discussion		

15:45-16:15	Coffee break, E-poster, Exhibition						
Hall A – Orthognathic Surgery/ Dentofacial			Hall B – Trauma and Reconstructive surgery			Hall C – General assembly of ICMFS	
Chairperson - Prof. Christos Perisanidis (Greece), Prof. Edgar Biemer (Germany)			Chairperson - Dr. Francesco Lemma (Italy), Dr. Hamid-Reza Sarajian (Germany)			Chairperson - Prof. Adi Rachmiel (Israel)	
16:15-16:45	Prof. Mohammad Bayat (Iran)	Emerging technology in orthognathic surgery	16:15-16:35	Dr. Ori Blanc (Israel)	Reconstruction of the maxillofacial complex following gunshot wounds		
16:45-17:15	Prof. Fabrizio Spallaccia (Italy)	New paradigms in the surgical treatment of facial asymmetry	16:35-16:55	Dr.Andrei Krasovsky (Israel)	Applications of Handheld Point-of-Care Ultrasound in the Craniomaxillofacial Trauma Setting		
17:15-17:45	Prof. Fatih Mehmet Coskunes (Türkiye)	Prebent Miniplates in Le Fort I Osteotomy: Biomechanical and Clinical Insights	16:55-17:15	Dr. Vugar Gurbanov (Azerbaijan)	Short- and long-term results of orbital floor fractures treatment		
			17:15-17:35	Dr. Dekel Shilo (Israel)	Reconstruction of the craniofacial complex using patient specific tailored treatments		
19:00-00:00	Gala Dinner						

Day 3. 11.10.2025

08:00-09:00	Registration							
Hall A – TMJ			Hall B – Facial Esthetic surgery			Hall C – Free papers		
Chairperson - Dr. Hamid-Reza Sarajian (Germany), Prof. Riaz Ahmed Warraich (Pakistan)			Chairperson - Prof. Vagif Gelender (Azerbaijan), Prof. Rafik Rzayev (Azerbaijan)			Chairperson – Prof. Elchin Ahmedov (Azerbaijan), Dr. Sahib Bilalzadeh (Azerbaijan)		
09:00-09:30	Dr. Sajjad Walji (The Netherlands)	TMJ Reconstruction with TMJ Prosthesis	09:00-09:20	Assoc. Prof. Nigar Sultanova (Azerbaijan)	Secondary rhinocheiloplasty considering the thickness of the facial soft tissues.	09:00-09:10	Dr. Samira Aliyeva (Azerbaijan)	The Role of Hyperbaric Oxygen Therapy in the Management of Medication-Related Osteonecrosis of the Jaws (MRONJ)
			09:20-09:40	Assoc. Prof. Hamid Reza Fathi (Iran)	Mastoid Crevasse Technique	09:10-09:20	Dr. Gunel Aliyeva (Azerbaijan)	A Surgical Approach to Enhancing Orthodontic Treatment Outcomes
						09:20-09:30	Dr. Vugar Aliguliyev (Azerbaijan)	Military Medical Examination of Servicemen with Jaw Defects
09:30-10:00	Assoc. Prof Erol Cansiz (Türkiye)	Simultaneous total joint replacement and orthognathic surgery	09:40-10:00	Assoc. Prof. Dr. Cavid Cabbarzadeh (Azerbaijan)	How do I deal with the deviated nose?	09:30-09:40	Dr. Nigar Gasimova (Azerbaijan)	Experimental model for researching the impact of various forms of topical medicine on postoperative skin wounds of the maxillofacial region

			10:00-10:20	Dr. Zarif Atayeva (Azerbaijan)	Endoscopic assisted neck lift	09:40-09:50	Dr. Aqil Huseynov (Azerbaijan)	Decompression effect on morphological and histological changes of odontogenic keratocyst
10:00-10:30	Prof. Dr. Mustafa Sancar ATAÇ (Türkiye)	Custom vs stock total temporomandibular joint replacement prosthesis	10:20-10:40	Dr Mohammadreza Nazari (Iran)	Cartilage Only Dorsal Preservation, A Video Demonstration	09:50-10:00	Dr. Parvin Hasanova (Azerbaijan)	Tumors of the deep lobe of the parotid gland: our experience of tumor removal by transparotid approach
						10:00-10:10	Dr. Kamilla Rustamova (Azerbaijan)	MSE: Expanding Boundaries — Maxillary Surgical Expander Assistance
						10:10-10:20	Dr. Rashad Mammedzadeh (Azerbaijan)	Surgical and Prosthetic Rehabilitation of Maxillary Bone, Mucosa, and Teeth Lost Due to Trauma Using a Custom-Made Implant
						10:20-10:30		
10:30-10:45	Panel discussion		10:40-11:00	Dr. Dilgem Maharramov (Azerbaijan)	Advantages of “inferior concha nasal flap” technique in closure of mucosal defects during nasal reconstruction	10:30-10:40		
10:45-11:15	Coffee break, E-poster, Exhibition							

Hall A – Head and Neck Surgery			Hall B – Oral surgery/Dental Implantology			Hall C – Masterclass – Modern technologies in Esthetic medicine
Chairperson - Prof. Christos Perisanidis (Greece), Prof. Charles P. Sia (The Philippines)			Chairperson - Dos. Farman Hasanov (Azerbaijan), Dr. Vugar Gurbanov (Azerbaijan)			Moderator – Prof. Edgar Biemer (Germany)
11:15-11:45	Prof. Riaz Ahmed Warraich (Pakistan)	Skull Base Surgery: A Challenge and Opportunity for the Maxillofacial Surgeon	11:15-11:30	Assoc. Prof. Hamid Reza Fathi (Iran)	Fathi-Arbati Classification for Midface Defects Caused by Mucormycosis	
			11:30-11:45	Dr. Vugar Guliyev (Azerbaijan)	Maxillae for All	
11:45-12:15	Prof. Rafik Rzayev (Azerbaijan)	Our experience of surgical treatment of carotid chemodectoma.	11:45-12:00	Dr. Emil Imanov (Azerbaijan)	Sinus lift procedure in complex cases	
			12:00-12:15	Dr. Elchin Abbasov (Azerbaijan)	Digital vs. Conventional Technologies in Implant Prosthodontics: Enhancing Accuracy, Comfort, and Clinical Outcomes	
12:15-12:45	Prof. S.M. Balaji (India)	Decannulation dilemmas: timing tracheostomy tube	12:15-12:30	Dr. Kanan Halilov (Azerbaijan)	Implant Matrix: digital screw	

		removal in children with craniofacial deformities	12:30-12:45	Prof. Abibilla Kalbaev (Kyrgyzstan)	Orthopedic Rehabilitation of Patients after Surgical Interventions in the Maxillofacial Region			
12:45-13:00	Panel discussion			Panel discussion				
13:00-14:00	Lunch, E-poster, Exhibition							
Hall A – Orthognathic surgery			Hall B – ENT/Head and Neck Surgery			Hall C - Free Papers – Young doctors’ session		
Chairperson - Prof. Alek Racic (Serbia), Dr. Sajjad Walji (The Netherlands)			Chairperson – Prof. Aziz Talishinskiy (Azerbaijan), Prof. Nazim Huseynov (Azerbaijan)			Chairperson - Assoc. Prof. Nigar Sultanova (Azerbaijan)		
14:00-14:30	Dr. Emrah Soylu (Türkiye)	From Planning to Recovery: Management of Orthognathic Surgery	14:00-14:20	Dr. Talat Shafiyev (Azerbaijan)	Nasal Reconstruction using a dorsal HUMP	14:00-14:08	Dr. Surayya Iskenderova (Azerbaijan)	Prevention of Medication-Related Osteonecrosis Following Oral Surgical Procedures
						14:08-14:16	Dr. Aytac Asadova (Azerbaijan)	A new approach in management of orbital adherence syndrome
						14:16-14:24	Dr. Emin Ramazanov (Azerbaijan)	Management of oro-nasala fistula following uranostaphyloplasty
14:30-15:00	Prof. Andre S. Serrano (Brazil)	The forced symmetry protocol in treatment of asymmetric dentofacial deformities. A retrospective	14:20-14:40	Dr. Seymur Abbasov (Azerbaijan)	Formation of stable aesthetic nasal tip	14:24-14:32	Dr. Zaher Sakkal (Syria)	Application of the Hemostatic NET during operations on the maxillofacial region
						14:32-14:40	Dr. Reyhan Talibova (Türkiye)	Effects of Demographic and Surgical Factors on Postoperative Nausea and

		follow-up of 40 cases.						Vomiting After Orthognathic Surgery
						14:40-14:48	Dr. Guliyeva Gullu (Azerbaijan)	Genioplasty: A comprehensive review of surgical techniques and clinical outcomes
15:00-15:30	Dr. Hamid-Reza Sarajian (Germany)	Dentofacial distraction	14:40-15:00			14:48-14:56	Dr. Fatma Boyraz (Turkiye)	Stromal vascular fraction for the treatment of temporomandibular joint internal derangement
						14:56-15:04	Dr. Mammadov Huseyn (Azerbaijan)	Surgical Treatment of Cleft Lip and Palate in Children
						15:04-15:12	Dr. Ayşe Öz (Turkiye)	Anaphylactic reaction during implant surgery and its management: a case report
			15:00-15:20			15:12-15:20	Dr. Maharram Guliyev (Türkiye)	Evaluation of Bone Healing via Fractal Analysis Following Le Fort I Osteotomy in Cleft Lip and Palate Patients Undergoing Orthognathic Surgery
						15:20-15:28	Dr. Oumar Youssouf Ibrahim (Chad)	Update of TNM 8 th edition in head and neck oncology
						15:28-15:36	Dr. Salman Rahimov (Turkiye)	Retrospective Evaluation of Complications Associated with Temporomandibular Joint Lavage

						15:36-15:44	Dr. Cihat Çetin (Turkiye)	Simultaneous shell technique augmentation and all-on-four implant surgery in atrophic mandible
15:30-15:45	Panel discussion		15:20-15:45	Panel discussion		15:44-15:52	Dr. Ilkin Hüseynov (Turkiye)	Enucleation of a radicular cyst extending to the maxillary sinus floor and apical resection of the involved teeth
						15:52-16:00	Dr. Lamis Kuntar	Comparative Effectiveness of Corticosteroid Injections and Legato II Laser Therapy in Hypertrophic Scar Management of the Maxillofacial Region
						16:00-16:08	Dr. Rahima Nazarova (Azerbaijan)	Managing Recurrent Upper Eyelid Basal Cell Carcinoma: Oncologic Excision and Two-Stage Cutler–Beard Reconstruction
16:15-16:45	Closing ceremony							

Registration	Lunch break	Coffee break
Plenary session	Oral presentations	
Opening ceremony	Gala dinner	Closing ceremony

Guest society – Turkish Association of Oral and Maxillofacial surgery – TAOMS

Masterclass - Facial surgery

Masterclass - Zygoma Implantation

Masterclass – Modern technologies in Esthetic medicine

General assembly of ICMFS

E-poster				
1.			Dr. Min Hyung Choi (South Korea)	Delayed Inflammatory Responses Following Biodegradable and Osteoconductive Osteofixation in Orthognathic Surgery
2.			Dr. Soon-Young Kang (South Korea)	Assessment of Lip Symmetry following Unilateral Cheiloplasty using the Rotation-Advancement Principle
3.			Prof. A. Racic (Serbia)	Subtotal maxillectomy with orbital exenteration
4.			Dr. Vusala Bayramova (Azerbaijan)	Using laser therapy in endoperiodontal lessions
